PMS Brain Clutter of a Clerk Typist III

Exotic weeds
'neath wispy clouds
Crank those tunes up
good and loud
Jeans and boots
and faded flannel
Nick at Night
the supreme channel
God still lives
inside my head
Don't believe
that Pee Wee's dead
Let the old folks
cruise no more!
Please bring stirfry
to my door
And pills to put
the pain on ice
A rich-man playmate
would sure be nice
Thirty-something
—something's here
Seeing Mama in the mirror
So, when will that
college degree
do its thing
and set me free?
Just type your own
damn words today
I'll put another diamond
on lay-away.
